EXAMINER'S COMMENT/REASONS FOR ALLOWANCE

1. All previous rejections have been overcome by the amendment filed on September 20, 2006 and the rejections are withdrawn. ***Claims 1-8*** are now pending in the application.

2. Upon further consideration, the restriction requirement dated August 10, 2005 has been withdrawn and Group II invention, which includes all the limitations of Group I invention, is rejoined.

Reasons For Allowance

3. ***Claims 1-8*** are allowed.

4. The following is an Examiner's Statement of Reasons for Allowance:

The instant claims are allowable over prior art to Arkens et al. (US 5, 977,232).

The present claims are directed to an aqueous composition comprising a polyacid comprising at least two carboxylic acid groups or salts thereof, a polyol and an emulsion polymer comprising as copolymerized units, greater than 30% by wt., based on the wt. of the polymer solids, ethylenically unsaturated acrylic monomer comprising C5 or greater alkyl group.

Prior art to Arkens et al. concerns formaldehyde-free, accelerated cure, aqueous composition for bonding glass fiber heat resistant non wovens. The aqueous compositions comprises (a) a polyacid, (b) an active hydrogen compound containing at least two active hydrogen groups selected from the group consisting of hydroxyl, primary amino, secondary amino and mixtures thereof, wherein the ratio of the number of equivalents of said carboxylic

acid groups, anhydride groups or salts thereof to the number of equivalents of said hydroxyl groups is from 1 to 0.01 to 1/3, and wherein said carboxylic acid groups, anhydride or salts thereof are neutralized to an extent of less than 35% with a fixed base.

The prior art does not teach or suggest inclusion of an emulsion polymer comprising as copolymerized units, greater than 30% by wt., based on the wt. of the polymer solids, ethylenically unsaturated acrylic monomer comprising C5 or greater alkyl group in the binder composition.

Therefore, the instantly claimed invention is deemed allowable over closest prior art of record as per said art neither anticipating nor rendering, alone or in combination, the instantly claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.
